

**Weathersfield Service Group VI**  
**April 24, 2009**

**Financials**

March financials are complete & have been shared with Charlie.

**Work Orders**

Since Monday, March 2<sup>nd</sup>, we have processed 47 work orders, 30 of which are closed. The remaining 17 are scheduled, with all residents contacted.

**Landscaping**

No major work orders have been requested. Some residents have been added to the "do not prune" list. Additionally, Adam & Peggy have spoken several times throughout the month. Finally, Doris is still actively involved (we appreciate her assistance tremendously, thank you).

**Special Projects**

Currently we are managing five special projects: (1) seal coating (two bids in, waiting on a third); (2) sinking drain (bid in @ \$2400, waiting on approval); (3) new roofs (three bids in, waiting on a fourth); (4) roof repairs (waiting on three bids) & (5) shutters (Bob & Ken exploring community wide painting).

**Insurance**

Early in April, we assisted Bill with changing insurance agents, to High & Rubish, resulting in significant savings for WSG against both budget & last year spend.
