

Weathersfield Service Group VI
August 26, 2009

Financials

July financials are complete & have been shared with both Bob & Charlie.

Work Orders

Since July 25th, we have received 11 new work orders; seven have been closed and four have been assigned & scheduled.

Landscaping

The scheduled trimming has been completed. The next major project is the aerating & over-seeding that will take place in September.

We are hoping the Board will create a specific policy, as soon as possible, for landscaping. Doris has emailed all Board members requesting specifics to be included in any future contract. Scott will be soliciting bids from at least three landscapers for next year.

Special Projects

The new roofs for Woodbury 570-581 are complete.

2010 Budget

The budgeting process for 2010 has started. Suzanne has the lead & is working directly with Bob & Charlie on all aspects of next year's budget.

AGM

The AGM is set for Saturday, November 7th @ 9am. Notices will be sent shortly.
