

**Weathersfield Service Group VI
November 7, 2009**

Financials

October financials are complete & have been shared with both Bob & Charlie.

Work Orders

Since October 16th, we have received 8 new work orders; all have been assigned & scheduled. Since we took over, a total of 144 work orders have been handled.

Landscaping

All special landscaping projects with Valley Crest are now complete. They have been informed their last day working for WSG will be December 31, 2009.

Doris has a copy of the proposed 2010 contract for landscaping services as provided by Berkeley Property Management and Ecoscapes.

Finally, Ecoscapes has been hired for the “clean up” projected discussed at the last Board of Directors Meeting. They, along with Peggy, have been on-site to review the project in detail with Doris. This project will start next month.

Web Site

The “new” WSG web site, for document storage, is up. Some documents are already posted, with more to come in the days ahead. Below is the hyper link.
