

**Weathersfield Service Group
Manager's Report
October 18, 2013**

Financials

Monthly financials are posted on the community website.

Work Orders

Since September 30th we had 2 new work orders & closed 1 work order.

Landscaping

Pruning has begun & residents have been reminded to place ribbons on plants they do not want trimmed. The crew at Ruppert Landscape will not be mowing for a couple of weeks to allow the newly aerated & seeded turf to grow.

The Ruppert Landscape enhancement crew has added requested plants to many areas around the community. We have a few more residents who want dead bushes removed & replacements planted. Doug & Peggy continue to tour on Thursdays to look for ways to improve the grounds & to field questions.

Special Projects

David Carroll continues to repair & paint chimney caps where needed.

Also on David's work list are specific sidewalks that need pressure washing.
