

# WSG Landscape Committee FAQs

*January 2019  
committee name updated November 2019*

1. The WSG Landscape Committee serves the WSG Board of Directors (BOD). Hope Weber is the Landscape Committee Chair and will attend BOD meetings representing the landscape committee and give any necessary reports or concerns to the BOD. Peggy Akers (Community Manager for Berkeley Property Management) supports Hope.
2. Hope will walk weekly during peak season with Peggy Akers and will meet with any residents who have landscape requests or concerns. Hope will engage the committee when we have questions or concerns, conflicts or major projects that require further discussion, for example: renovation of a close and any projects on a large scale.
3. The primary objective of the committee is to look at the big picture, WSG landscaping as a whole. We will do our best to be objective about a resident's landscaping preferences. As long as a yard is being well maintained and watered and in keeping with WSG landscape guidelines, we will usually approve a request submitted properly (find the Request for Landscape Modification Approval form in the "Forms" section at [www.weathersfieldsg.org](http://www.weathersfieldsg.org)). A request must be submitted regardless of who will complete the work, the HOA or homeowner.
4. Berkeley Property Management and WSG landscape contacts:
  - a. Berkeley: (Peggy Akers) manages the WSG landscape budget and the communications with Ruppert and Davey Tree. Peggy will generate an ongoing report that includes budget and resident requests and give the report to Hope monthly.
  - b. Ruppert: we are here to work with and support Ruppert as a team. WSG has a contract with Ruppert. Berkeley manages this relationship, although Hope can and will communicate with both as needed.
  - c. Davey Tree does large-scale tree work at WSG.
